**Subject:** RE: Security

Hi Adam –

Here is a quick summary of where we are:

<!--[if !supportLists]-->1. <!--[endif]-->We currently have motion and heat activated “wild game” cameras installed at gates and key interior site locations. When triggered, cameras send e-mail (through on-site cell system with solar batteries) with still photograph to PGP Security who then distribute to certain team members. Buckeye Cameras were installed by ASTI – quote attached for your reference and contact information.

<!--[if !supportLists]-->2. <!--[endif]-->We hope to be migrating to a turnkey type arrangement through WM Security in order to improve response times on the photograph distribution. Our contact at WM Security is:

**Jason Blackwell**

National Account Manager

Security Services

Email: [jblackw2@wm.com](mailto:jblackw2@wm.com)

<http://vimeo.com/65739519>

**Waste Management**

1001 Fannin St.

Houston, Texas 77002

Tel: (713) 394-2223

Fax: 866-568-5820

Joe Biss has been coordinating this for the PRP Group. Please feel free to contact him directly (copied on this e-mail) if you need more details.

Hope this helps.

Eric

Hi Adam –

I am checking on a couple things for this and will get back to you after I hear back.

Thanks.

Eric

I have another site that could require security and was wondering if you could provide me some specifics and requirements for your security at the site. Thanks in advance.

Not urgently needed, but within the week would be helpful.

Adam
